196	Sale Notes	The market is vulnerable this year and with that uncertainty comes apprehension.								
197		Prices were all over the board as was quality and sizing within classes.								
198		I believe there was a tremendous take home message from the commercial feeders.								
199		That message was simple, deliver quality or leave them at home.								
200		Animals that were of decent size and taken care of, brought solid prices. Not high but solid.								
201		Prices for under weight animals suffered, as feeders know it takes a lot to get these disadvantaged animals to market								
202		in an efficient manner.								
203		Low quality was not of interest to commercial feeders as they feel that can't buy them cheap enough.								
204		In spite of the uncertain market we had a number of folks take advantage of the opportunity to purchase replacements								
205		at a good price. Many producers took advantage and they will reap the rewards for years to come.								
206										
207		From all of us at the KBA Sale, Thanks to buyers and consignors. It was our pleasure.
