154												
155	Sale Notes: As with last year the market for medium to large calves was solid compared with earlier sale reports.											
156	While the average price per lbs for bull calves was \$2.57, the majority of solid calves in the 4 weight region brought \$2.50 to \$2.90 averaging at \$2.66											
157	Similarly, heifer calves average was \$2.17, the majority solid heifers in the 4 weight region brought \$2.00 to \$2.40 averaging \$2.24											
158	Calf prices were steady for quality and sizing within classes. Light and fly weight prices were off, as they should be.											
159	Fly weight and disadvantaged animal prices were lower in all classes.											
160	Yearling bulls in the medium to heavy weight ranged from \$2.15 to \$2.30 with the light weights averaging \$2.05											
161	Yearling heifers in the medium to heavy weight were steady at \$2.44 with the light weights averaging \$2.05											
162	Open heifers and 2 year bulls were largely untested by virtue of limited numbers.											
163	There were low numbers of breds as well, but there were a considerable amount of calls looking for bred heifers as well as bred cows.											
164	Bred cows under 10 years old, sold for \$2000. Older breds sold for around \$1800 and a few poorer quality bringing slaughter price.											
165	Open cows were steady at \$1.20											
166	From all of us at the KBA Sale, Thanks to buyers and consignors. It was our pleasure.											
167	Dick Gehring
