WELCOME TO THE 2024 GTSS!

Welcome to the 2024 National Bison Association Gold Trophy Show and Sale (GTSS)! We thank you for your interest in this classic bison auction, now in its 44th year. First and foremost, we want to thank the judges, consignors, buyers, volunteers, sponsors, and National Western Stock Show (NWSS) for making this the nation's premier bison breeding stock show and sale. Without the expert handling provided by the GTSS "buffaleros" and the many volunteers that pitch in to make it a success year in and year out, we wouldn't be able to make this the event it is.

With the mission "to create an environment where producers can compete to establish the value of their bison in the current marketplace," the Gold Trophy Show and Sale is your chance to diversify your herd's genetics from proven breeding performers in both the bull and heifer classes from across the North American continent.

This year's entries total just about 100 top-quality bison in 8 classes that represent 22 consignors from across North America who brought their best stock to compete for the gold. Take some time and take a look at these

animals in the pens and catch the judges' comments at 8:30 am on Saturday, January 20th in the Del Hensel Bison Pens at the NWSS Livestock Events Center at National Western Stock Show.

Thank you to our GTSS Trophy Sponsors for supporting this year's consignor awards, as well as Rocky Mountain Natural Meat for donating the GTSS Banquet Dinner bison steaks, and congratulations to this year's show winners.

Sincerely,

Jim Matheson
Executive Director
National Bison Association

Real time bidding will be available on the National Bison Association's Gold Trophy Show and Sale via the internet. Live audio and live video will allow buyers to bid on lots just as if they were present at the auction.

Please register early, as a buyer must create an account prior to the auction. Go to CCI.live to set up your account and for more information.

AUCTION TERMS AND CONDITIONS

METHOD OF PAYMENT: Acceptable forms of payment include: cash, cashier's check, money order, personal check, credit cards (Visa, MasterCard, American Express, Discover). There will be a 4% convenience fee on credit card transactions.

BID NUMBERS: Bidder numbers will be issued at 9:00 am on Saturday, January 20 at the Stockyard Event Center Sale Arena clerking office. **First time buyers will be required to present a valid and irrevocable bank letter of credit that states a specific dollar amount the bank will guarantee on a check written by the purchaser at the 2024 GTSS.**

HEALTH: Interstate health papers will be furnished for each animal. All animals auctioned have tested negative within 30 days of sale for T.B., brucellosis and BVD (Bovine Virus Diarrhea). All yearling and two-year-old bulls have tested negative for Trichomoniasis and satisfactorily passed a semen test. All yearling females have tested not pregnant. Two-year-old and older females have tested pregnant. All animals have been injected with Ivermectin (dewormer) 1-10 days prior to sale date. All optional tests must be in accordance with federal regulations and must have been administered within 30 days of sale date. In addition, all consignors confirm that all administered health care products on GTSS entries meet NWSS requirements.

ANNOUNCEMENTS: Announcements made on sale day will take precedence over any printed material in the catalog or advertisements.

GUARANTEE: All animals are guaranteed as represented by the owners. All females vet checked with calf will be announced sale day. The NBA, auctioneer, and sale management act only as agents. All guarantees are strictly between the consignor and the purchaser.

LIABILITIES: The NBA acts only as agent and will assume NO RESPONSIBILITY in the event of injury or death to an animal or of a discrepancy between the buyer and the consignor. The NBA assumes NO RESPONSIBILITY for any animal before, during or after the Gold Trophy Show or Sale. Consignor bears all risk of injury or loss for each bison until the auctioneer announces it is sold. Thereafter, the bison is the property of the purchaser, and the purchaser thereafter bears all risk of injury or loss. Every precaution will be taken to safeguard the welfare of the bison sold. All persons who attend the sale do so at their own risk. The NBA, the auctioneer, and the National Western Stock Show assume NO RESPONSIBILITY for accidents or losses that may occur.

LOAD OUT TIMES: Saturday, January 20 - Immediately following the sale until dark, or Sunday, January 21 - 7:30 a.m. - 12:00 p.m.(noon). NO ANIMALS WILL BE LOADED AFTER DARK or BEFORE DAYBREAK. All animals must be removed from the NWSS grounds by 12:00 p.m. (noon) on Sunday, January 21. NO EXCEPTIONS! If you are purchasing animals online, please make transportation arrangements prior to the auction.

***Thank you to our consignors for continuing to support these classes.
Thank you to our live animal judges, Dave Schroth and Trevor Gompf.***

***Auction will be called by Quality Auction Services, Inc.
Jud Seaman, auctioneer and Karen Conley, breed representative***

2024 CONSIGNORS

101 BUFFALO RANCH & BLACK WOLF, LTD.

John Davis • 41690 Valley View Ct., Elizabeth, CO 80107 • 303-506-5064

Past winner Rookie of year and numerous Gold Trophy awards as well as high dollar producer in class. Home of the Grandson of Mr. Big [Big Jake] the all-time leading sire at the NBA. Our females all come from NBA Gold winners including Synder, Byrd and others. We're not trying to be the largest, just the best!

2J BISON

Joe & Bonnie Brown • PO Box 96, Terreton, ID 83450 • 208-663-4602

We have a small herd of quality animals, with the genetics originating with animals from Red Canyon Ranch, Thermopolis, Wyo. We feed our bison herd only grass and hay. This is our seventh year to consign to the GTSS. 2J bison animals have earned numerous gold, silver, bronze, grand and reserve champion awards from both GTSS and Western Bison Assn.

ADDINGTON BUFFALO COMPANY

Charles Addington II and Louanne Addington • PO Box 845, Wolfforth, TX 79382 • 806-787-7554

Addington Buffalo Company is a family owned and operated cow calf operation beginning with the primary purchase of six animals in 2003. This operation has grown to approximately 450 head of bison located on ranches in the panhandle of Texas and East Central Oklahoma. Our herd lineage includes excellent genetics from Colorado, Oklahoma, Wyoming and Texas ranging from animals purchased at GTSS in previous years, Canadian River Bison, Cold Creek Buffalo Company and 2J Bison. Addington Buffalo Company was awarded the 2019 Breeder of the Year award from the Oklahoma Bison Association.

BADGER BASIN RANCH, INC.

Frank Wolthuis • 33145 Highway 9, Hartsel, CO 80449 • 720-220-7979

Badger Basin Ranch is a 3,000 acre ranch located in central Colorado with the South Platte River and Four Mile Creek running through the property and several year round springs. Our bison enjoy life on the range, are all natural grass fed, and are rounded up once a year.

BELDON BISON RANCH

Nathan & Amanda Scott • Box 2044, Nipawin, SK, Canada S0E 1E0 • 306-609-0284

Beldon Bison Ranch has been a family run operation for over 30 years. Started in 1987 by Don and Paulette Scott, the ranch has grown significantly and is now run by their son Nathan.

BROWN'S BUFFALO RANCH

Garrett & K'Dean Brown • 720 Stephens Blvd., Nyssa, OR 97913 • 208-739-6168

Brown's Buffalo Ranch was established in 1972 and is now a 4th generation bison ranch. We run four herds on separate ranches to keep the genetics diverse. Our bull battery consists of Silver Creek, Irish Creek, and Snyder Land and Development. Along with the cow herds, we also having a feeding operation and a meat processing facility.

BRUSH MOUNTAIN BISON LLC

Herb Grove • 708 Brush Mountain Rd, Spring Mills, PA 16875 • 814-422-0598

BUFFALO DANCE BISON

Casey Byrd • 30356 Bison Road, Presho, SD 57568 • 605-892-2119

Buffalo Dance Bison first purchased bison in 1990 and currently owns over 100 head of cows, including many purchased at GTSS. Primary herd lineage includes award-winning animals purchased at GTSS and the Black Hills Buffalo Classic. Buffalo Dance Bison has consigned animals to the GTSS for many years and has received numerous trophies, including Producer of the Year. The ranch also has competed at the Black Hills Buffalo Classic.

2024 CONSIGNORS

BUFFALO RUN RANCH

Joe Sorenson & Wade Klingler • 4639 E Bench Creek Rd., Kamas, UT 84036 • 435-619-1802

The Buffalo Run Ranch property was purchased by Joe Sorenson in 2009 and is located 30 miles east of Park City, UT at the base of the Uinta Mountain Range. The ranch has some unique pasture ground that ranges from the Provo River bottoms to high mountain meadows and had once been the home of a small bison herd. After his purchase Joe quickly reintroduced bison to the ranch, building his herd over the next several years, purchasing the top animals from sales across the United States and Canada. The ranch currently runs 140 breeding cows with the primary herd lineages coming from Snyder, Silver Creek, Irish Creek, Byrd and Lyman herds. The ranch is managed by Wade Klingler with lots of help from his five kids and wife Kristen, who helps manage and run the onsite meat store and a newly restored Airbnb rental cabin. Please come visit us. For more information you can go to our website at www.buffalorunranch.com or contact Wade at wade.klingler@endeavorcap.net

CAMMACK BUFFALO RANCH

John & Melanie Cammack • 16800 Old Stoneville Road, Stoneville, SD 57787 • 605-490-2893

The Cammack Buffalo Ranch is operating in the fifth generation and is located in Stoneville, SD. John manages the ranch with his Uncle Lane. His dad, Mike, lives in Alaska, acting as the not-so-silent partner. John and Melanie's built-in workforce include: Jayda, 22 and Rachel, 21, both of whom are on their own but come home to help as needed. Taber is a senior and Shanni is 8th grade.

We bought our first 22 buffalo in 1999 and have slowly built our herds to 750 cows. We DNA test our herds to help us select the best possible replacement heifers and breeding bulls. The bulls go through additional performance tests so we can evaluate their feed efficiencies on 100 percent grass and then a feed test to ensure long-term production on the ranch.

CHERUKARA RANCH/TEXOMA BISON COMPANY

Tommie & Liz Simon • 841 Azusa Cir., Lawton, OK 73505 • 832-248-4062

First-generation bison ranch started in 2019. Owned and operated by Tommie and Liz Simon and located in Lawton, OK. We currently have 70 animals with continued plans to grow. Breeding stock and local meat operation. Current bulls are Comanche Buffalo, Irish Creek Bison and Wolverine Bison. Main cow genetics are Comanche Buffalo and Irish Creek Bison. Our herd is culled yearly for reproductive success, dark color, and quiet temperament. Animals are on native pasture year-round with free choice Redmond mineral available. Cubes given weekly with herd checks and pasture rotations. Native hay in the winter with protein blocks available. Stop by if you are ever in our area. We'd love to show you our operation!

INDIAN PASS RANCH

Randy & Sue Gaskill • 15205 US Highway 40, Kremmling, CO 80459 • 970-846-5616

Indian Pass ranch is located between Kremmling, CO and Rabbit Ears Pass. Our calves are raised at around 8000 feet in elevation, grazing on high protein mountain grasses and clover. Because of the quality of the feed and the low stress environment, our calves gain and develop in the most natural way. Our Bull "Wyo" is a Snyder Land and Development bull and has an excellent disposition. Our cows also have quiet, calm demeanors and we try to keep it that way- never rushing anything whenever we are around them and accustoming them to humans. We are proud of our animals and we are sure the buyer of our calves brought to the Gold Trophy Show and sale will be pleased with their purchase.

IRISH CREEK BISON

Justin & Shaelyn Dorey • Box 3130 • Vermilion, AB, Canada T9X 2B1 • 780-581-3025

Irish Creek Bison Ranch is located 35 miles North of Vermilion, Alberta. Irish Creek Bison has grown to be four distinct herds: Woods cross, Plains cross, DNA Pure Plains, DNA Pure Wood. Justin and Shaelyn Dorey are now the second generation on the ranch and remain focused on raising quality stock and quality feed. Every year, Irish Creek Bison produces consistent, top quality breeding stock to last for many years. Please call or visit anytime 780-581-3025.

PLATTE RIVER POWER AUTHORITY - RAWHIDE ENERGY STATION

2000 E. Horsetooth Rd, Ft. Collins, CO 80525 • 970-226-4000

Platte River Power Authority first purchased bison in 1983 to occupy the rangeland surrounding the Rawhide Energy Station in Northern Colorado. These majestic animals play a very important role in our commitment to be good stewards of the land. Its primary herd lineage came from Custer State Park, M-Line and Colorado Bison Co - Ft. Peck. Rawhide has been a GTSS consignor since 1986 and has seen its bison win numerous awards over the years. The operation continues striving to maintain top quality animals with an emphasis on herd health and vitality.

2024 CONSIGNORS

PRAIRIE RIDGE BUFFALO RANCH

Ray and Debbie Thieman, Shawn and Carrie Bennett • 23001 CR 201, Limon, CO 80828 • 719-771-8742

Prairie Ridge Buffalo Ranch was started in 1999 by Ray and Debbie Thieman with the purchase of our first 29 head of buffalo. We have grown our operation to its current size of 320 breeding cows and 800 feeders in our finishing operation. We have grown the ranch to include direct marketing of all our production animals. This includes a store, direct to consumer custom market, providing animals to other small marketers, hunts and tourism. As our ranch has grown so has the involvement of our family. Our daughter and son-in-law, Carrie and Shawn, became full time partners in 2018 and their son Cannan started full time in 2021. We have 12 grandchildren and most are involved at some level and 7 own buffalo as well. We are now a multi-generation buffalo ranching operation. The calves in this sale all come from one of our ranches where we get consistent high quality calves. The cows all come from our own breeding program which has been developed over many years. We interject new genetics to our herd through purchase of breeding bulls from a variety of producers. Our bulls are purchased at GTSS and DTBA sales and represent many of the prominent breeders in the US as well as Canada. We do not sell many buffalo as breeding animals so this is an opportunity to gain some quality genetics to add to your existing herd or to begin a new one.

ROAMING K RANCH

Keegan & Kendall Kitzul and Dale & Laurie Kitzul • Box 872, Foam Lake, SK, Canada S0A1A0 • 306-269-7345

Roaming K Bison is a division of Kitzul Farms Ltd., located in east central Saskatchewan. We're a fifth-generation grain farm which started in 1903 and second generation bison ranch, which began in 2000. Our goal has always been to fully use every acre on our farm and bison was a natural healthy fit for the land.

Our bison operation is 300 cow/calf pairs, and we also buy to finish with currently 1200 head. We continue to grow our herd to help fill the growing demand for bison meat. We take a serious approach to the quality of animals we allow into our program. We strictly look for and retain high performing genetics that have great confirmation. That's also what we expect out of our breeding stock when selling to other producers. Over the past years, our breeding program has done quite well at the Canadian bison shows. In November of 2023, we were named Premier Breeder of the year at the Canadian National Show and Sale. It was a great achievement for our ranch.

This is our first time consigning into the GTSS and we're excited to be here showcasing our stock and meeting fellow producers.

SILVER CREEK BISON

Nolan & Nicole Miller (The Miller Family) • Box 355, Binscarth, MB, Canada R0J 0G0 • 204-532-2350

Silver Creek Bison first purchased bison in 1988 and currently run 1500 head consisting of 400 breeding females in seven segregated groups. All our offspring go through a strict culling process, at weaning, 12 months of age and again at 18 months of age. This process is done on weight gain followed by a visual culling on conformation. We strive to raise top quality breeding stock as natural as possible. Silver Creek Bison is proud to have three grand champion bulls and numerous reserve grand champions and other placings at the GTSS in past years. We are also very proud to be a multi-year winner of the prestigious Premier Breeder award at the Canadian National Show and Sale. If you are ever up our way, stop in. We would love to show you around.

SNYDER LAND & DEVELOPMENT

Rex Snyder & Gayle Hale • 39955 Business Loop I-80, Lyman, WY 82937 • 370-747-4411

TATANKA HILLS

Kevin & Joan and Jason & Sherri Stormo • 19123 US Hwy 81, Lake Norden, South Dakota 57248 • (605) 520-9024

Tatanka Hills was established in 1988 in Northeast South Dakota by Kevin & Joan Stormo. This award-winning herd has produced several GTSS and DTBA award winning bulls & heifers over the years. Now joined by their son, Jason, and his family, Tatanka Hills continues to be a family owned farm and ranch operation.

TRAILS END RIVER BISON

Dixie Byrd • 30356 Bison Road, Presho, SD 57568 • 605-895-2119

Trails End River Bison first purchased bison in 1976. Its primary herd lineage is from some GTSS animals but mostly home raised. The Byrds have been consignors to the GTSS every year since 1986, making 2024 the 39th consecutive show! Since 1990, they have won 158 Gold trophies and eight Producer of the Year awards. They have several GTSS-purchased animals in their herd. Trails End River Bison also has shown and placed at the Black Hills Buffalo Classic, including winning its Producer of the Year Award. Some of our animals are registered/certified with the North American Bison Registry.

W LAZY D BISON

2024 CONSIGNORS

Danny & Jeanie Wilkin • 11728 Highway 491, Cortez, CO 81321 • 970-565-8140

W Lazy D Bison Company is located in Cortez in the southwest corner of Colorado. We started our herd in 2012, purchasing five cows and a two year old bull. We have grown our herd to 20 cows with five upcoming two year old heifers. We purchased two bull calves at the GTSS in 2020 that we moved into our breeding herd this year. We are predominantly grass fed on our pastures along with grazing winter wheat. We also raise grass and alfalfa hay that we supplement in the winter months.

WOLVERINE BISON COMPANY

Mark Silzer and Cec Stumborg • Box 2773, Humboldt, SK, Canada S0K 2A0 • 306-682-4933 (Mark); 306-682-3987 (Cec)

Wolverine Bison was founded in 1994 by partners Jane and Cec Stumborg and Denise and Mark Silzer and is located in central Saskatchewan near Humboldt. The current herd originated from a Plains Bison genetic base that was imported from the United States in 1982. The original group provided a strong foundation from which to build. The herd continues to be built on exclusive Plains Bison genetics and is part of the Conservation Herd Registry in Canada and the United States. All animals in our herd have been DNA tested, by NEOGEN Canada, to confirm parentage and Plains genetics.

Meticulous record keeping, attention to detail along with a discerning selection process has developed into an award-winning herd. Replacement animals finding their way into the herd are selected for performance with particular attention given to length, width, and muscling.

Wolverine Bison has won numerous awards for their stock over the past twenty-eight years. In addition to the individual awards, the company has also received the Producer of the year Award at the National Show in Canada as well as the Gold Trophy Show and Sale in Denver. Aside from the awards, the greatest testament to the quality of the animals comes from standing purchase orders for stock and a repeat customer base that continues to add Wolverine Bison genetics to their breeding programs.

Whether being used to complement and strengthen Plains Bison genetics in an existing herd or making a strong contribution in a Woods/Plains Cross program, Wolverine Bison stock has something to offer.

Proven Breeding Stock Built on STRONG PLAINS GENETICS

TWO YEAR OLD BRED HEIFERS

Sponsor of Class Trophies: **Adams Natural Meats**

LOT	RANCH & OWNER	PLACE	WEIGHT	PRICE
<i>White</i> 201	Silver Creek Bison - Nolan Miller, Binscarth, MB, Canada Sire is a Silver Creek Bison bull. Heifer was on pasture until 10/23 and then on hay and green feed. Weaning weight was 662 lbs. Weight on 12/28/23 was 1404 lbs. Heifer has received Ivomec wormer and a Tasvax vaccine. This is a big framed, long and heavily muscled heifer. She will produce great offspring. ***Heifer is non-OCV (official calfhood vaccinate for Brucellosis).***			
<i>White</i> 202	Snyder Land & Development - Rex Snyder & Gayle Hale, Lyman, WY			
<i>White</i> 203	Cherukara Ranch - Tommie Simon, Lawton, OK On 11/10/23, this heifer weighed 1010 lbs. She is on growers ration and prairie hay until sale. She is bred to either a Comanche Buffalo, Irish Creek or Wolverine Bull. This is an opportunity to infuse beautiful black genetics into your herd. Hair sample pending for NABR registration, hybridization and diversity/lineage testing. Animals are on native pasture year-round with free choice Redmond mineral available. Cubes given weekly with herd checks and pasture rotations. Native hay in the winter with protein blocks available. Animals are worked once yearly in the winter.			
<i>White</i> 204	Irish Creek Bison - Justin Dorey, Vermilion, AB, Canada Sire is either XY Bison or Silver Creek and the dam is a 50/50 cross Irish Creek cow. As a calf, the heifer was on grass until late winter and then some corn grazing until weaned. Weight on 1/11/22 was 580 lbs. Heifer was on pellets and hay for winter. Weight on 6/30/22 was 792 lbs., on grass for the summer and hay for the winter. Weight on 2/11/23 was 870 lbs. Heifer was on hay and grass for the summer. Weight on 10/17/23 was 1225 lbs. Heifer is on hay and 40 days of pellets before the show. This is a very long, big framed heifer bred to perform. She was born from great long-lasting genetics and bred to a great battery of bulls. ***Heifer is non-OCV (official calfhood vaccinate for Brucellosis). ***			
<i>White</i> 205	Snyder Land & Development - Rex Snyder & Gayle Hale, Lyman, WY			
<i>White</i> 206	Irish Creek Bison - Justin Dorey, Vermilion, AB, Canada Sire is Dozer and the dam is a 50/50 cross Irish Creek cow. As a calf, the heifer was on grass until late winter and then some corn grazing until weaned. Weight on 1/17/22 was 554 lbs. Heifer was on pellets and hay for winter. Weight on 6/28/22 was 878 lbs., on grass for the summer and hay for the winter. Weight on 2/11/23 was 954 lbs. Heifer was on hay for winter and grass for the summer. Weight on 10/17/23 was 1250 lbs. Heifer is on hay and 40 days of pellets before the show. This heifer is big framed but very thick and deep chested. ***Heifer is non-OCV (official calfhood vaccinate for Brucellosis). ***			
<i>White</i> 207	Buffalo Run Ranch - Joe Sorenson, Owner; Wade Klingler, Mgr., Kamas, UT			
<i>White</i> 208	Buffalo Run Ranch - Joe Sorenson, Owner; Wade Klingler, Mgr., Kamas, UT			

TWO YEAR OLD BULLS

Sponsor of Class Trophies: **Platte River Power Authority, Rawhide Energy Station**

LOT RANCH & OWNER PLACE WEIGHT PRICE

Yellow 221	Roaming K Bison - Keegan Kitzul, Foam Lake, SK, Canada Sire is Moonshine (2016 CNSS Grand Champion from XY Bison). Dam is 0123, a 1480 lb. female from Bison Spirit Ranch. Weaning weight on 12/7/21 was 600 lbs. Weight on 10/12/22 was 1200 lbs., 5/30/23 was 1550 lbs., and 12/27/23 was 1850 lbs. Bull has received Ivomec wormer and Fermicon 7 and Vista 1 SQ vaccines. This is a solid bull coming from performance-packed parents. His mother is the herd cow that continuously produces breeding stock. His sire has continuously thrown 35+ calves since we have owned him, and his calves are top performers in our program. This bull is also a half brother to the 2023 CNSS Grand Champion and to our 2024 GTSS yearling bull entry, tag# 125. I chose this bull for his overall conformation and impressive rates of gain. Semen evaluation at 88%.			
Yellow 222	Wolverine Bison Company - Cec Stumborg & Mark Silzer, Humboldt, SK, Canada Sire is 543 white (Wolverine bull) and Dam is 403 yellow (Wolverine cow). Bull was born on 4/29/21. He was on pasture until 11/1/22, then on hay, oats, and mineral and dewormed twice a year. Bull was out with a breeding herd of 45 with one senior bull for the 2023 season. Weaning weight on 1/29/22 was 670 lbs. Weight on 6/6/22 was 985 lbs. 8/18/22 weight was 1135 lbs. 12/4/22 weight was 1345 lbs. and 12/18/23 weight was 1770 lbs. DNA confirmation by NEOGEN Canada of sire and dam, 100% plains bison.			
Yellow 224	Snyder Land & Development - Rex Snyder & Gayle Hale, Lyman, WY			
Yellow 225	Trails End River Bison - Dixie Byrd, Presho, SD Bull is from the Highway (north) herd, which features a genetic variability of 6 bulls and 79 cows. He has received all required testing, vaccinations, and worming. Bull has been on high quality prairie hay and some grain. Weight on 2/14/22 was 612 lbs.; 4/7/23 was 1242 lbs.; 1/3/24 weight was 1581 lbs. Dam looks to be Buffalo Dance Bison California Girl cow and sire appears to be a Rocky Diamond. Respects electric fence. Guaranteed excellence!			
Yellow 226	Buffalo Dance Bison - Casey Byrd, Presho, SD Bull is from the River (home) herd, which features a genetic variability of 7 bulls and 68 cows. He has received all required testing, vaccinations, and worming. Bull has been on high quality prairie hay and some grain. Bull weighed 658 lbs. on 2/14/22; 1360 lbs on 4/7/23 and 1670 lbs. on 1/3/24. Bull has a good temper and moves with ease. Dam is a Trails End River Bison Rollin Boulder cow. Great set of horns on this bull...you could hang a polar bear off each one!			
Yellow 227	Silver Creek Bison - Nolan Miller, Binscarth, MB, Canada Sire is Diesel Tank, a Canadian Bison Bull Draft champion that has been producing high end stock with huge growth potential. This bull was on pasture this summer with a few heifers and then on a hay and 12% pellet ration. Bull has received Ivomec wormer and a Tasvax vaccine.			
Yellow 228	Snyder Land & Development - Rex Snyder & Gayle Hale, Lyman, WY			

TWO YEAR OLD BULLS

Sponsor of Class Trophies: **Platte River Power Authority, Rawhide Energy Station**

LOT	RANCH & OWNER	PLACE	WEIGHT	PRICE
Yellow 229	Trails End River Bison - Dixie Byrd, Presho, SD Bull is from the River (home) herd, which features a genetic variability of 7 bulls and 68 cows. He has received all required testing, vaccinations, and worming. Bull has been on high quality prairie hay and some grain. Bull weighed 656 lbs. on 2/14/22; 1430 lbs. on 4/7/23 and 1730 lbs. on 1/3/24. Strong USA plains characteristics. This bull has a low center of gravity and will hold his own weight. Appears to be out of a Trails End River Bison Rollin Boulder cow and a Kansas Wallow Carver II bull or Trails End River Bison Eisenhower Interstate System bull. Respects electric fence.			
Yellow 230	Beldon Bison Ranch - Nathan Scott, Nipawin, SK, Canada Sired by Diesel's Knockout. Bull has received Bimectin, Ultrachoice 8 and Vista Once SQ at weaning; Bimectin 1/15/24. Bull was on Summer pasture; free choice hay and screening pellets. Weaned 3/4/22 at 600 lbs. Off grass 11/24/22 at 1350 lbs. Out to grass 6/1/23 at 1795 lbs. 1/2/24 weight was 1975 lbs. This bull's sire, Diesel's Knockout, was #334 in the 3rd Annual Canadian Bison Bull Draft. He was consigned by Bison Spirit Ranch and finished second. Scored with a perfect 10 on both depth and length. This bull has sired some excellent calves as evidenced here in this bull. #334 was the heaviest bull of the Draft group on December 1 at a weight of 1345 lbs. If you want trophy quality animals, look closely at this bull.			
Yellow 231	Brown's Buffalo Ranch - Garrett & K'Dean Brown, Nyssa, OR Bull was born on 5/5/21 and sired by Thor. Bull received Ivomec wormer, 8-way, Virashield 6, Pasturella and Mycoplasma vaccinations. Weaning weight n 11/4/21 was 530 lbs. Weight on 1/1/23 was 1320 lbs and off grass weight on 9/21/23 was 1375 lbs. Bull was out with the cow herd from January 1- September 21, receiving grass only and minerals. Free choice alfalfa, grain, and pellets for 110 days over winter.			
Yellow 232	Beldon Bison Ranch - Nathan Scott, Nipawin, SK, Canada Sired by Diesel's Knockout. Bull has received Bimectin, Ultrachoice 8 and Vista Once SQ at weaning; Bimectin 1/15/24. Bull was on Summer pasture; free choice hay and screening pellets. Weaned 3/4/22 at 646 lbs. Off grass 11/24/22 at 1265 lbs. Out to grass 6/1/23 at 1655 lbs. 1/2/24 weight was 1845 lbs. This bull's sire, Diesel's Knockout, was #334 in the 3rd Annual Canadian Bison Bull Draft. He was consigned by Bison Spirit Ranch and finished second. Scored with a perfect 10 on both depth and length. This bull has sired some excellent calves as evidenced here in this bull. #334 was the heaviest bull of the Draft group on December 1 at a weight of 1345 lbs. If you want trophy quality animals, look closely at this bull.			
Yellow 233	Tatanka Hills - Kevin & Joan / Jason & Sherri Stormo, Lake Norden, SD Cows exposed to Cornhusker, Wolverine and Silver Creek Bulls. Bull has received the following vaccinations and wormer: 2/5/22 - Newport Laboratories Mycoplasma Bovis, Ultrabac 7, Triangle 4, Ivermectin 2/26/22 (Boosters) - Newport Laboratories Mycoplasma Bovis, Ultrabac 7. 11/2/22 - Ultrabac 7, Triangle 4, Ivermectin, Valbazen oral drench. Weaning weight on 2/5/22 was 560 lbs. Weight on 1/28/23 was 1310 lbs. At weaning, bull was fed excellent quality hay for 3-4 weeks before creep feeding a mix of cracked corn, distillers, soy hull pellets and minerals. Summer – pasture growth in 2022 and 2023 was unfavorable with drought-like conditions. Fresh, clean water and free choice hay/creep feed always available. Pail fed when grass was not available. Fall/Winter – Free choice hay/creep feed of a mix of cracked corn, distillers, soy hull pellets and free choice salt and minerals. Prepared for pasture by transitioning them to free choice hay and pail fed oats. GTSS and DTBA award winning genetics.

Online bidding available at qasbuy.com

(25) Guaranteed Performance Tested Yearling Bulls
(50) Two Year Old Bred Females

First breeding season unconditional breeding bull guarantee! No risk, buy with confidence!
We have spent more than 27 years refining our breeding program. We are proud to offer you an opportunity to purchase the powerful genetics in these young breeding animals.

Our yearling breeding bull prospects are showing impressive numbers on their gains! From weaning to current, they are averaging 2 to 2.6 pounds per day.

The two-year-old heifers are all bred to Slim Buttes Buffalo Ranch bulls. In mid-November, these heifers averaged 1100 pounds off grass. No supplements, no feed, just grass. Weights ranged from 950 to 1300 pounds. A sister group of three-year-old females averaged 1152 off grass.

Our calves were weaned in mid-November and the bull calves averaged 475 pounds and the heifer calves averaged 457 pounds.

YEARLING HEIFERS

Sponsor of Class Trophies: **Texoma Bison Company**

LOT	RANCH & OWNER	PLACE	WEIGHT	PRICE
<i>White</i> 101	Snyder Land & Development - Rex Snyder & Gayle Hale, Lyman, WY			
<i>White</i> 102	Trails End River Bison - Dixie Byrd, Presho, SD Heifer is from the River (home) herd, which featured a genetic variability of 8 bulls and 55 cows. She has received all required testing, vaccinations, and worming. Heifer has been on high quality prairie hay and some grain. Heifer weighed 508 lbs. on 4/7/23 and 1043 lbs. on 1/3/24. This heifer has strong plains characteristics. She is long and carries her weight with ease. Sire is potentially Trails End River Bison Texas Limo Black #4 and dam is a Morning Star cow. Respects electric fence.			
<i>White</i> 103	Silver Creek Bison - Nolan Miller, Binscarth, MB, Canada Sire is Max D and dam is a daughter of Crusher. Heifer was on pasture until 10/23 and has been on hay and a 12% pellet ration. Weaning weight was 650 lbs. and weight on 12/28/23 was 1040 lbs. Heifer has received Ivomec wormer and a Tasvax vaccine. This is a big, thick heifer out of top producing sire Max D. ***Heifer is non-OCV (official calfhood vaccinate for Brucellosis).***			
<i>White</i> 104	Snyder Land & Development - Rex Snyder & Gayle Hale, Lyman, WY			
<i>White</i> 105	Buffalo Dance Bison - Casey Byrd, Presho, SD Heifer is from the River (home) herd, which featured a genetic variability of 8 bulls and 55 cows. She has received all required testing, vaccinations, and worming. Heifer has been on high quality prairie hay and some grain. Heifer weighed 558 lbs. on 4/7/23 and 992 lbs. on 1/3/24. This heifer is reminiscent of the great M.H. and Susan Maass Colorado Bison Company stock they helped me create back in the early 90s through a program called BisonBase. This heifer is ultra-feminine. Sire could potentially be Sparticus, the highest selling offspring of Mr. Big. Dam looks to be from the Buffalo Dance Bison Nebraska Snapping Turtle line.			
<i>White</i> 106	2J Bison - Joe & Bonnie Brown, Terretton, ID Dam is a Snyder cow and sire is a Wolverine Bison bull. Heifer was put on good alfalfa hay on 10/17/23.			
<i>White</i> 107	Irish Creek Bison - Justin Dorey, Vermilion, AB, Canada Sire is Dozer and the dam is a 50/50 cross Irish Creek cow. As a calf, the heifer was on grass until late winter and then some corn grazing until weaned. Weight on 1/17/22 was 554 lbs. Heifer was on pellets and hay for winter. Weight on 6/28/22 was 878 lbs., on grass for the summer and hay for the winter. Weight on 2/11/23 was 954 lbs. Heifer was on hay for winter and grass for the summer. Weight on 10/17/23 was 1250 lbs. Heifer is on hay and 40 days of pellets before the show. This heifer is big framed but very thick and deep chested. ***Heifer is non-OCV (official calfhood vaccinate for Brucellosis). ***			
<i>White</i> 108	2J Bison - Joe & Bonnie Brown, Terretton, ID Dam is a Montoso Bison Company cow and the sire is a Wolverine Bison bull. Heifer was put on good alfalfa hay on 10/17/23.

PEN OF THREE - YEARLING HEIFERS

Sponsor of Class Trophies: **Platte River Power Authority, Rawhide Energy Station**

LOT	RANCH & OWNER	PLACE	WEIGHT	PRICE
White 70 A-C	Trails End River Bison - Dixie Byrd, Presho, SD This ranch ready heifer group is from the River (home) herd, which featured a genetic variability of 8 bulls and 55 cows. They have received all required testing, vaccinations, and worming. Heifers have been on high quality prairie hay and some grain. 70A weighed 528 lbs. on 4/7/23 and 899 lbs. on 1/3/24. 70B weighed 560 lbs. on 4/7/23 and 958 lbs. on 1/3/24. 70C weighed 443 lbs. on 4/7/23 and 890 lbs. on 1/3/24. Ultra-efficient and quick weight gainers. Dams are either Trails End River Bison Rollin Boulders or Morning Stars.			
White 71 A-C	Buffalo Dance Bison - Casey Byrd, Presho, SD This ranch ready heifer group is from the Highway (north) herd, which featured 65 cows and 6 bulls in 2021. They have received all required testing, vaccinations, and worming. Heifers have been on high quality prairie hay and some grain. 71A weighed 530 lbs. on 4/7/23 and 889 lbs. on 1/3/24. 71B weighed 508 lbs. on 4/7/23 and 879 lbs. on 1/3/24. 71C weighed 508 lbs. on 4/7/23 and 840 lbs. on 1/3/24. Good USA pure plains heifers! Will make very feminine "Monarchs of the Prairie". Sire could be a Trails End River Bison Texas Limo Black #4 or an Alpha Diamond. Dams could originate from Colorado or Catalina (CA) cows or Custer or Gettysburg (SD).			

YEARLING BULLS

Sponsor of Class Trophies: **Mosquito Park Enterprises**

LOT	RANCH & OWNER	PLACE	WEIGHT	PRICE
Yellow 121	Wolverine Bison Company - Cec Stumborg & Mark Silzer, Humboldt, SK, Canada Sire is 807 white (Wolverine bull) and dam is 954 yellow, a Wolverine cow. Bull was born on 4/28/22. Bull is on hay, oats and mineral and has been dewormed twice a year. Weaning weight on 2/1/23 was 600 lbs. Weight on 8/12/23 was 1095 lbs. 10/23/23 weight was 1180 lbs and 12/18/23 weight was 1270 lbs. DNA confirmation by NEOGEN Canada of sire and dam, 98.05% plains bison.			
Yellow 122	Roaming K Bison - Keegan Kitzul, Foam Lake, SK, Canada Sire is DJ (son of Bison Spirit Ranch's Diesel). Dam is purple 809, a 1425 lb. home grown Ranger daughter). Weaning weight on 12/5/22 was 590 lbs. Weight on 6/7/23 was 900 lbs., 10/20/23 was 1280 lbs., and 12/27/23 was 1370 lbs. This bull comes out of a very impressive second time calver. Genetically packed, his sire was fifth at the Canadian Bull Draft and grandpa was second overall. This bull has great legs, carry a long, thick frame. This bull is a solid package and will not disappoint. Semen evaluation at 87%.			
Yellow 123	Trails End River Bison - Dixie Byrd, Presho, SD Bull is from the River (home) herd, which features a genetic variability of 8 bulls and 55 cows. He has received all required testing, vaccinations, and worming. Bull has been on high quality prairie hay and some grain. Bull weighed 632 lbs. on 4/7/23 and 1270 lbs. on 1/3/24. Pedigree on this bull includes a grandsire of Grandpa103. Appears to be from a Trails End River Bison Elvis bull or Eisenhower Interstate System. Dam appears to be a Buffalo Dance Bison Flying H or Custer State Park. Respects electric fence.			
Yellow 124	Wolverine Bison Company - Cec Stumborg & Mark Silzer, Humboldt, SK, Canada Sire is 807 white (Wolverine bull) and dam is 302 yellow, a Wolverine cow. Bull was born on 4/28/22. Bull is on hay, oats and mineral and has been dewormed twice a year. Weaning weight on 2/1/23 was 715 lbs. Weight on 8/12/23 was 1175 lbs. 10/23/23 weight was 1265 lbs and 12/18/23 weight was 1420 lbs. DNA confirmation by NEOGEN Canada of sire and dam, 98.16% plains bison. Excellent breeding prospect for cow/calf producer based on weaning weight!			
Yellow 125	Roaming K Bison - Keegan Kitzul, Foam Lake, SK, Canada Sire is Moonshine (2016 CNSS Grand Champion from XY Bison). Dam is Y824, a Roaming K cow weighing 1460 lbs. Weaning weight on 12/5/22 was 604 lbs. Weight on 6/7/23 was 925 lbs., 10/20/23 was 1250 lbs., and 12/27/23 was 1360 lbs. This bull comes from our top performing sire Moonshine and an extremely long, home-raised cow. He is a half brother to the 2023 CNSS Grand Champion Bull and also our 2024 GTSS two year old bull #221. Bull was selected for his length, depth, with and good gains. This bull is ready to go to work. Semen evaluation is 87%.			
Yellow 126	Silver Creek Bison - Nolan Miller, Binscarth, MB, Canada Sire is Max D, one of Silver Creek's top producing bulls. This bull's dam is a daughter of Crusher. This yearling bull was on pasture and 12% pellet until 9/25/23 and then on hay and 12% pellet. Weaning weight on 2/5/23 was 712 lbs. and weight on 12/28/23 was 1394 lbs. Bull has received Ivomec wormer and a Tasvax vaccine.			
Yellow 127	Buffalo Dance Bison - Casey Byrd, Presho, SD Bull is from the River (home) herd, which featured a genetic variability of 8 bulls and 55 cows. He has received all required testing, vaccinations, and worming. Bull has been on high quality prairie hay and some grain. Bull weighed 659 lbs. on 4/7/23 and 1150 lbs. on 1/3/24. This bull was a veterinarian favorite when we worked the bull prospects.			
Yellow 128	Beldon Bison Ranch - Nathan Scott, Nipawin, SK, Canada Sired by Beldon bull battery. Bull has received Bimectin, Ultrachoice 8 and Vista Once SQ at weaning; Bimectin 1/15/24. Bull was on Summer pasture; free choice hay and screening pellets. Weaned 12/12/22 at 500 lbs. Off grass 11/1/23 at 1180 lbs. 1/2/24 weight was 1300 lbs.

<i>White</i> 51 A-E	Brown's Buffalo Ranch - Garrett & K'Dean Brown, Nyssa, OR Calves were born on 5/10/23. They received Ivomec wormer, 8-way, Virashield 6, Pasturella and Mycoplasma vaccinations. At weaning on 12/9/23, these heifer calves averaged 485 lbs.			
<i>White</i> 52 A-E	Prairie Ridge Buffalo Ranch - Ray & Debbie Thieman, Limon, CO Heifers were sired by various bulls from the Prairie Ridge Buffalo Ranch bull battery. Calves received their initial vaccination and boosters for the following: Virashield 6, Mycoplasma and Pasteurella. They were weaned on 12/22/23 and weights ranged from 500 to 520 lbs. The calves were on grass only until 12/22/23 and are now on hay and protein in the lot. Prairie Ridge Buffalo Ranch has won several awards over the past 23 years at the GTSS or Rocky Mountain Bison Association sales.			

BULL CALVES

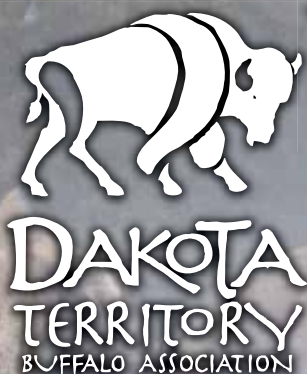

Sponsor of Class Trophies: **Jumpoff Buffalo Ranch**

LOT	RANCH & OWNER	PLACE	WEIGHT	PRICE
Yellow 21	Cherukara Ranch - Tommie Simon, Lawton, OK Calf is sired by a Comanche Buffalo bull and out of an Irish Creek dam. Bull was weaned on 11/10/23 and weighed 470 lbs. The calf is on growers ration and prairie hay until sale. Hair sample pending for NABR registration, hybridization and diversity/lineage testing. Animals are on native pasture year-round with free choice Redmond mineral available. Cubes given weekly with herd checks and pasture rotations. Native hay in the winter with protein blocks available. Animals are worked once yearly in the winter.			
Yellow 22	101 Buffalo Ranch - John Davis, Elizabeth, CO Sire is Tank. Weight on 12/21/23 was 542 pounds. We are bringing in a new sire's offspring this year with this entry from the MC/ Ranch (Carter Vanderwall). I purchased one of Carter's best young cows last year and the cow was already bred to Tank, his only sire. I was so impressed by Tank because of his mass / length and incredible head and neck so we decided to see what the judges thought. Bull was weaned the first week of November and given grass hay and supplemented with grain last 60 days.			
Yellow 23	Irish Creek Bison - Justin Dorey, Vermilion, AB, Canada Sire is a Hanson seed farm bull and dam is a Wolverine or Irish Creek plains cow (DNA pending). Calf has been on grass until late winter and then some corn grazing until weaned. Weight on 11/27/23 was 618 lbs. Calf is on hay and pellets before the show. This is a very thick bull with a wide stance and good confirmation.			
Yellow 24	101 Buffalo Ranch - John Davis, Elizabeth, CO Calf was born on 5/30/22. Sire is Big Jake, a Silver-winning GTSS bull. Sire is Big Jake and dam is a Silver Champion eight year old cow and multiple past champion producer. Weight on 12/21/23 was 544. Bull was weaned the first week of November and given grass hay and supplemented with grain last 60 days.			
Yellow 25	PRPA - Rawhide Energy Station - Seth Haldeman, Ft. Collins, CO			
Yellow 26	Indian Pass Ranch - Randy Gaskill, Kremmling, CO This calf weighed 552 lbs. on 11/30/23. Indian Pass calves were raised on quality high altitude pasture at 8000 feet. Cows were exposed to either WYO (Snyder Land and Development) bull or Dakota (Cammack) bull. All calves have received Bovi Shield Gold 1 shot and Noromectin wormer. Calves have been on hay and clover since the beginning of November.			
Yellow 27	PRPA - Rawhide Energy Station - Seth Haldeman, Ft. Collins, CO			
Yellow 28	PRPA - Rawhide Energy Station - Seth Haldeman, Ft. Collins, CO			
Yellow 29	Indian Pass Ranch - Randy Gaskill, Kremmling, CO This calf weighed 596 lbs. on 11/30/23. Indian Pass calves were raised on quality high altitude pasture at 8000 feet. Cows were exposed to either WYO (Snyder Land and Development) bull or Dakota (Cammack) bull. All calves have received Bovi Shield Gold 1 shot and Noromectin wormer. Calves have been on hay and clover since the beginning of November.			
Yellow 30	Addington Buffalo Company - Charles Addington, Wolfforth, TX All required vaccinations and wormer have been administered. Calf was on native grass pasture, triticale wheat and ration feed.			

BULL CALVES

Sponsor of Class Trophies: **Jumpoff Buffalo Ranch**

LOT	RANCH & OWNER	PLACE	WEIGHT	PRICE
Yellow 31	2J Bison - Joe & Bonnie Brown, Terreton, ID Dam is a Gear cow. Sire is Wolverine Bison bull. Calf was born on 5/6/23. Calf was put on good alfalfa hay on 10/17/23.			
Yellow 32	Irish Creek Bison - Justin Dorey, Vermilion, AB, Canada Sire is Dozer and the dam is a 50/50 cross Irish Creek cow. Calf has been on grass until weaned. Weight on 11/24/23 was 644 lbs. Calf is on hay and pellets before the show. This is a big framed bull with thickness to go with him.			
Yellow 33	Badger Basin Ranch - Frank Wolthuis, Hartsel, CO Sire is the 2020 GTSS Grand Champion. No special supplement or feed. High quality grass hay since weaning. Calf received all required vaccinations, wormer and testing.			
Yellow 34	Prairie Ridge Buffalo Ranch - Ray & Debbie Thieman, Limon, CO Bull was sired by a bull from the Prairie Ridge Buffalo Ranch bull battery. He received an initial vaccination and boosters for the following: Virashield 6, Mycoplasma and Pasteurella. He was weaned on 12/22/23 and weighed 570 lbs. The bull was on grass only until 12/22/23 and is now on hay and protein in the lot. Prairie Ridge Buffalo Ranch has won several awards over the past 23 years at the GTSS or Rocky Mountain Bison Association sales.
