Subject: Scholarship Opportunity – International Bison Health Symposium

The International Bison Health Symposium planning committee is pleased to offer a student scholarship program thanks to generous support through USDA NIFA-AFRI grant funding. This scholarship will cover hotel and registration expenses for up to 12 students attending the International Bison Health Symposium June 30 – July 2, 2024, in Brookings, South Dakota. This program will encourage bison-related studies and promote leadership among future bison industry professionals.

Qualifications

Applicant must be an enrolled college or university student; in recognized livestock studies, animal science, veterinary, agriculture, accounting, ag-econ, or a human nutrition program in the United States, Mexico or Canada.

Application Timeline

Applicants should complete the following entries and email responses to lydia@bisoncentral.com by May 15, 2024. Each applicant will be screened by the International Bison Health Symposium planning committee, which will make the final decision regarding the selection of recipients. Recipients will be announced by May 25, 2024.

Scholarship Application

First/ Last Name:

Email Address:

Phone Number:

Name of University/ College:

City/ State of University/ College:

Dates Attended:

Date of Anticipated Graduation:
